

powerblanket™
patented technology

Innovative Heat Spreading Technology

- Heats Evenly
- Low Energy Consumption
- Highly Efficient
- Insulated Design

HEATING INNOVATION:

Greenheat Technology's patented powerblanket™ brand of electrically heated exterior blankets are the ideal heat solution for ground thaw, concrete cure and most cold weather construction needs. The powerblanket™ is the revolutionary outdoor heating blanket. With our patented heat spreading technology, it is finally possible to achieve an even, consistent directional heat. Using only 120V or 12V, it's the most efficient and energy saving solution on the market today. The powerblanket™ is lightweight and durable, requiring virtually no maintenance, saving time, money & labor.

BUCKET, BARREL AND TOTE HEATER:

The powerblanket™ drum heater is a highly efficient, low wattage heater. The patented heat spreading technology and full coverage design reduces the amount of wattage required to obtain optimal heat.

INSULATED WRAP DESIGN

Evenly spreads heat throughout the material.

ADJUSTABLE STRAPS

Easy installation & removal.

Secure fit to most container size or shape.

STANDARD SIZES AVAILABLE

330, 275, 55, 30, and 5 gallon sizes.

CUSTOM SIZES AVAILABLE

BUILT-IN PRESET THERMOSTAT

Ensures a constant temperature.

Reduces risk of overshoot.

Safe to use on most metal and plastic containers.

SAFETY

Safe on many chemicals, gases, epoxy and resin.

LOW WATTAGE

Energy efficient reducing costs.

INSULATED

Captures and returns heat to the barrel maximizing efficiency.

Lowers energy consumption.

MALE & FEMALE END CORDS

Plug multiple heaters together on the same circuit.

STANDARD DRUM SIZE:

55 GALLON

Available in 4 preset thermostat settings 90°, 110°, 130° & 160°F.

55 GALLON MASON

Heat water fast without preset thermostat.

30 GALLON

Available in 4 preset thermostat settings 90°, 110°, 130° & 160°F.

30 GALLON MASON

Heat water fast without preset thermostat.

5 GALLON BUCKET

Available in 4 preset thermostat settings 90°, 110°, 130° & 160°F.

330 GALLON TOTE

275 GALLON TOTE

CUSTOM TOTE

Built to customer size and temperature specifications.

Product Category	Model #	Size in Gallons	Voltage	Wattage	Amps	# of Blankets per 20amp Circuit
